The Frontier Country Historical Society of Crescent, Oklahoma has had ten years of success due to generous supporters like you. We depend on fundraisers, memberships, admissions, and gift shop sales to maintain and expand our facilities. We receive no tax dollars. The museum is kept open entirely by volunteers.

In the next ten years, our goals are to put enough money in our endowment accounts to generate sufficient interest to hire at least a part-time director of operations, and furnish a house of the 30's on the grounds. The Frontier Country Historical Center has been good for Crescent. Visitors from all over the United States and even foreign countries have words of praise for the facility. Please consider helping us grow during the next decade.

Sincerely,

Board of Directors
Frontier Country Historical Society
